ABOUT NABCB

The **National Accreditation Board for Certification Bodies (NABCB)**, a constituent Board of the Quality Council of India (QCI), plays a central role in strengthening India's quality infrastructure by ensuring that conformity assessment bodies operate with competence, impartiality, and global credibility. NABCB provides accreditation to certification bodies, inspection bodies, and validation & verification bodies, evaluating them through a rigorous process based on internationally accepted standards and guidelines. These assessments include documentation review, on-site assessments, and ongoing surveillance to ensure independence and reliability.

NABCB's work directly contributes to enhancing trust in certified products, processes, and services, supporting regulators, industries, and consumers across various sectors. Its accreditation programs align with global best practices, enabling accredited bodies to demonstrate consistent performance and technical competence in the services they deliver.

Global Recognition Through MLAs/MRAs

NABCB is a signatory to multiple Multilateral and Mutual Recognition Arrangements under Global Accreditation Cooperation Incorporated [earlier to International Accreditation Forum (IAF) and International Laboratory Accreditation Cooperation (ILAC)] and APAC. These agreements:

- Enable international acceptance of certificates and reports issued by NABCB-Accredited bodies,
- Reduce the need for repeat inspection or certification abroad,
- Support Indian exporters by reducing technical barriers to trade, and
- Enhance global confidence in India's conformity assessment outcomes.

NABCB's International Engagements

NABCB represents India at major global Accreditation forums, including:

- Global Accreditation Cooperation Incorporated [earlier to International Accreditation Forum (IAF) and International Laboratory Accreditation Cooperation (ILAC)].
- Asia Pacific Accreditation Cooperation (APAC)

Participation in these bodies allows NABCB to:

- Contribute to global policy discussions,
- Stay aligned with evolving international standards, and
- Strengthen India's presence within the global quality ecosystem.

NABCB ACCREDITATION SCHEMES

NABCB offers Accreditation under a wide portfolio of schemes, including:

Management Systems (ISO/IEC 17021-1:2015)

~ Quality Management Systems (ISO 9001)
- QMS for Medical Devices (ISO 13485)
- Educational Organizations Management Systems (ISO 21001)
- Primary Packaging Materials (ISO 15378)
- Indian Certification of Medical Devices (ICMED)

~ FSSC 24000- Social Sustainability Management

~ Environmental Management Systems (ISO 14001)
- Sustainable Electronics Recycling International (SERI)- R2 Standards

~ Occupational Health & Safety Management Systems (ISO 45001)

~ Food Safety Management Systems (ISO 22000)
- FSSC 22000
- FAMI - QS

~ Energy Management Systems (ISO 50001)

~ Information Security Management Systems (ISO/IEC 27001)

~ Privacy Information Management Systems (ISO/IEC 27701)

~ Information Technology Service Management Systems (ISO/IEC 20000-1)

~ Road Traffic Safety Management Systems (ISO 39001)

~ Trustworthy Digital Repository Management Systems (ISO 16363)

~ Business Continuity Management Systems (ISO 22301)

~ Anti-Bribery Management Systems (ISO 37001)

~ Asset Management Systems (ISO 55001)

~ Facility Management System (ISO 41001)
~ Aerospace Quality Management System (AS 9100 series of standards)
~ Artificial Intelligence Management System (ISO/IEC 42001)

Inspection (ISO/IEC 17020:2012)

Personnel Certification (ISO/IEC 17024:2012)

Product Certification (ISO/IEC 17065:2012)

- GlobalG.A.P.
- ISCC CORSIA for SAF
- Brand Reputation through Compliance Global Standards (BRCGS)
- National Programme for Organic Production (NPOP)
- IRF Trusted Mark
- Best Aquaculture Practices (BAP)
- PEFC-CoC Certification Scheme
- Global Organic Textile Standard
- ISA Secure Scheme
- NCCF Trees outside Forest (ToF)
- NCCF Forest Management (FM)
- QCI Voluntary Certification Schemes
- Better Cotton Initiative (BCI)

Validation and Verification (ISO/IEC 17029:2019)

- Greenhouse Gases (ISO 14065)
- Carbon Credit Trading Scheme (CCTS)
- ICAO CORSIA
- Verified Carbon Standard (VCS)

CHANGES IN NABCB DOCUMENT

Revision of NABCB Accreditation Procedures

NABCB has implemented key revisions to the BCB 201 series procedures across all applicable accreditation schemes. Stakeholders are advised to refer to the scheme documents available on the NABCB website for the updated versions of BCB 201.

The revisions cover the BCB 201 series procedures applicable to:

- Management System Certification Bodies
- Inspection Bodies
- Product Certification Bodies
- Bodies operating Certification of Persons
- Validation and Verification Bodies (VVBs)

SNo.	Document	Detail	Key Update
1	BCB 201 (MS)	Accreditation Procedure for Management System Certification Bodies	Inclusion of Procedure for Surprise assessment Procedure for Debar and Denial of Accreditation added
2	BCB 201 (IB)	Accreditation Procedure for Inspection Bodies	
3	BCB 201 (PCB)	Accreditation Procedure for Product Certification Bodies	
4	BCB 201 (PrCB)	Accreditation Procedure for Bodies Operating Certification of Persons	
5	BCB 201 (VVB)	Accreditation Procedure for Validation and Verification Bodies (VVBs)	

CAPACITY BUILDING ON BETTER COTTON INTIATIVES (BCI) SCEHME

The National Accreditation Board for Certification Bodies (NABCB), with technical support from the Better Cotton Initiative (BCI), organized a two-day Assessors' Training Programme on BCI standards on 3–4 February 2026 at the Bharat Board Room, Quality Council of India.

Mr. N. Venkateswaran, CEO, NABCB welcomed the participants and thanked the trainers from Better Cotton Initiative (BCI): Mr. Piyush Mohapatra, Mrs. Padmini Raghav and Mr. Lavish Bishnoi for giving the insights on Better Cotton Initiative (BCI) scheme highlighting their role in enhancing credibility for sustainable certification schemes.

Mr. N. Venkateswaran, CEO, NABCB, presented the memento to the Better Cotton Initiative (BCI) trainers.

The training focused on enhancing understanding of the Better Cotton Initiative (BCI) Standard System, Producer Certification Scheme, Assurance Programme Management, and Chain of Custody (CoC) requirements, strengthening technical competence in assurance and certification practices.

This initiative reflects NABCB's continued commitment to strengthening accreditation and assurance capacity in support of sustainable certification frameworks.

CAPACITY BUILDING PROGRAMME FOR MAURITAS OFFICIAL

National Accreditation Board for Certification Bodies (NABCB) is pleased to host Ms. Anwanh Bibi Yasheera Jafajul from the **Mauritius Accreditation Service (MAURITAS)** as part of her attachment training.

During her visit, she participated in a Surveillance Office Assessment and Witness Assessment conducted in accordance with ISO/IEC 17065:2012 , alongside the NABCB Assessment Team.

Additionally, she engaged with NABCB officials at the QCI office in New Delhi, gaining deeper insights into accreditation processes and international best practices.

We value this opportunity to strengthen international collaboration and reinforce mutual confidence in accreditation systems.

NABCB STRENGTHENS ASSESSOR RESOURCES THROUGH ISO/IEC 17021-1:2015 TRAINING

The National Accreditation Board for Certification Bodies (NABCB) successfully conducted a three-day ISO/IEC 17021-1:2015 Assessor Training Programme from 26-28 February 2026 at the Indian Aviation Academy, Ruchi Vihar, Vasant Kunj, New Delhi.

Mr. N. Venkateswaran, CEO, NABCB, welcomed the participants and expressed his appreciation to the trainers, Mr. Anil Jauhri and Mrs. Sobha Hegde, for delivering comprehensive technical insights on ISO/IEC 17021-1 and its application in management systems certification.

Mr. N. Venkateswaran, CEO, NABCB, presented the memento to the trainers Mr. Anil Jauhri and Mrs. Sobha Hegde and introduced NABCB and its role in accreditation to the participants.

The programme focused on strengthening assessor competence in accordance with ISO/IEC 17021-1:2015 – Conformity Assessment — Requirements for Bodies Providing Audit and Certification of Management Systems. Key topics included principles of impartiality, the risk-based approach to certification, audit process requirements, competence management, certification decision-making processes, and ensuring consistency in accreditation assessments.

Glimpses of ISO 17021-1:2015 training

Through structured technical sessions, case studies, and practical assessment discussions, the training aimed to enhance harmonization and uniform interpretation of accreditation criteria across management systems certification schemes.

NEW ACCREDITATIONS GRANTED IN FEB 2026

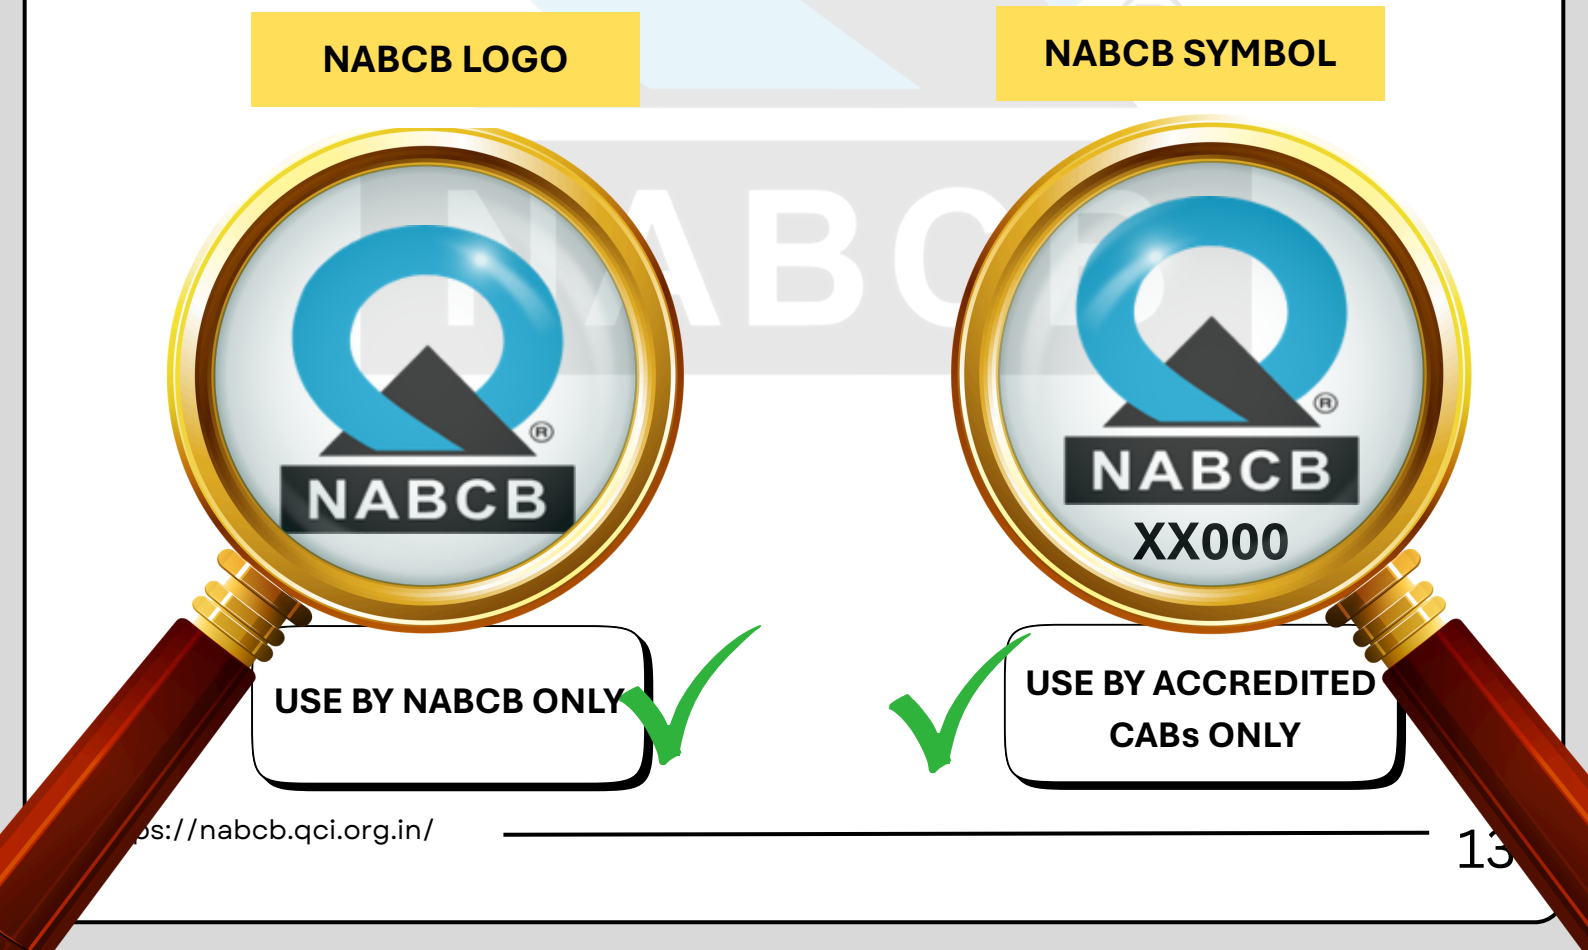
S. NO	NAME OF THE CAB	SCHEME
1.	UTS Technical Services Private Limited	Inspection Body
2.	Trace Assure Global Certifications Pvt. Ltd	Food Safety Management System
3.	Enerconnect Consultants Private Limited	Inspection Body
4.	IRCLASS Systems and Solutions Private Limited	Validation and Verification Body
5.	First Wave International Certification Private Limited	Quality Management System, Information Security Management System, Information Technology Service Management Systems
6.	Aleph Accreditation and Testing centre pvt Ltd	Inspection Body

GUIDANCE TO USE NABCB ACCREDITATION SYMBOL AND ILAC MRA MARK/ IAF MLA MARK

BCB 202, Feb 2023 Specifies the Conditions for Use of NABCB Accreditation Symbol and Other Claims of Accreditation, IAF MLA Mark and ILAC MRA Mark

The NABCB Accreditation Symbol represents credibility, competence, and international alignment. It comprises the NABCB symbol along with the unique accreditation number assigned to each accredited Conformity Assessment Body (CAB). The approved design specifications, including proportions, colour schemes, and usage format, are detailed in Appendix A (NABCB Symbol) and Appendix B (combined NABCB–IAF MLA / ILAC MRA Mark).

Accredited CABs, where permitted, may also use the Combined IAF MLA Mark (for certification and validation/verification bodies) or the ILAC MRA Mark (for inspection bodies). Use of these international marks shall comply with IAF ML 2 and ILAC R7 requirements and is subject to a formal agreement with NABCB, ensuring correct representation and alignment with international accreditation frameworks.



Who can Use the NABCB Accreditation Symbol:

MARK/SYMBOL	NABCB	NABCB-Accredited CABs	Client Organizations of Accredited CABs
NABCB Logo	✓ Permitted	✗ Not Permitted	✗ Not Permitted
NABCB Accreditation Symbol	✓ Permitted	✓ Permitted (with accreditation number and CAB logo)	✓ Permitted only if authorized and under CAB control
Combined IAF MLA / ILAC MRA Marks	✓ Permitted	✓ Permitted (as applicable and under agreement)	✗ Not Permitted

Control and Responsibility

ASPECT	REQUIREMENT
Responsibility	*The NABCB-accredited Conformity Assessment Body (CAB) is fully responsible for the correct and authorized use of the NABCB Accreditation Symbol.*
Control of Client Use	*Any permitted use of the NABCB Accreditation Symbol by client organizations shall be allowed only under the control and supervision of the NABCB-accredited CAB.*

ASPECT	REQUIREMENT
Scope Limitation	*The NABCB Accreditation Symbol shall be used only for accredited scopes and locations covered under the CAB's accreditation.*
Prevention of Misuse	*The accredited CAB shall take reasonable actions to prevent misleading, incorrect, or unauthorized use of the NABCB Accreditation Symbol by itself or its client organizations.*
Corrective Action	*In case of misuse, the accredited CAB shall ensure immediate corrective action, including withdrawal of authorization, where required.*
Non-Compliance	*Failure to control or prevent misuse of the NABCB Accreditation Symbol may result in corrective action, suspension, or withdrawal of accreditation.*

The accredited CAB can reproduce the NABCB Accreditation Symbol and the Combined IAF MLA or ILAC MRA Mark as applicable only in conjunction with its own logo / mark on its certificates, reports, stationery and literature associated with its accredited activities and scopes subject to the conditions specified in BCB-202.

Permitted representation of the NABCB Accreditation Symbol used in combination with the IAF MLA Mark or the ILAC MRA Mark by accredited CABs, as applicable

Prohibited Use of NABCB Accreditation Symbol

AREA / MEDIUM	RESTRICTION
Products and Product Packaging	*The NABCB Accreditation Symbol shall not be used on products, product packaging, labels, or any material that may imply product approval.*
Management Systems Certification	*The NABCB Accreditation Symbol shall not be used in any manner that suggests certification or approval of a product, process, or service.*
Vehicles	*The NABCB Accreditation Symbol shall not be displayed on vehicles, except as part of a large publicity advertisement.*
Buildings and Flags	*The NABCB Accreditation Symbol shall not be displayed on buildings or flags under any circumstances.*
Visiting Cards	*Use of the NABCB Accreditation Symbol on visiting cards is not permitted.*
Misleading Representation	*The NABCB Accreditation Symbol shall not be used in any way that misleads the reader about the accredited status of the CAB or its client organization.*

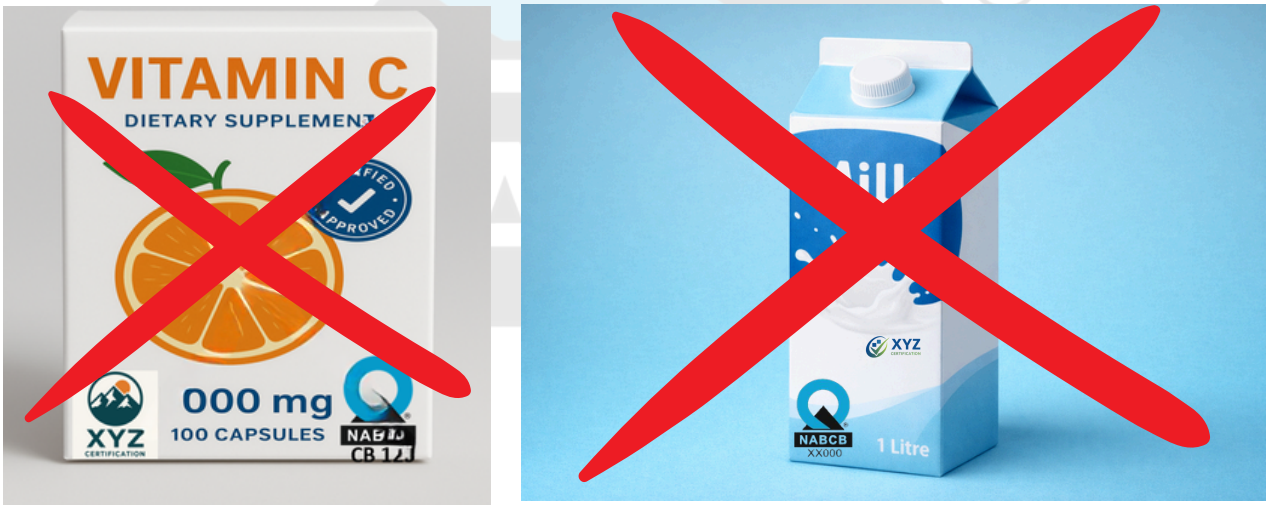
Use of IAF MLA/ILAC MRA Mark

MARK	PERMITTED USE CONDITIONS
IAF MLA Mark	*The IAF MLA Mark may be used only by NABCB-accredited Certification Bodies and Validation/Verification Bodies, in combination with the NABCB Accreditation Symbol, and strictly in accordance with the terms of the agreement signed with NABCB.*

ILAC MRA Mark	*The ILAC MRA Mark may be used only by NABCB-accredited Inspection Bodies, in combination with the NABCB Accreditation Symbol, and strictly in accordance with the agreement signed with NABCB.*
Use by Client Organizations	*Client organizations of NABCB-accredited CABs shall not use the IAF MLA Mark or the ILAC MRA Mark under any circumstances.*

Product vs Management System Certification

CERTIFICATION TYPE	SYMBOL USAGE RULE
Management Systems Certification	*Neither the Certification Body's Symbol nor the Accreditation Body's Symbol shall be used on products, packaging, or labels.*
Product Certification	*The Certification Body may authorize use of its own product conformity mark. Use of the NABCB Accreditation Symbol on products is not permitted.*



Use of the NABCB Accreditation Symbol on products or product packaging is NOT permitted.

Use of NABCB Accreditation Symbol, IAF MLA Mark, or ILAC MRA Mark on visiting cards is NOT permitted.

Content, Size and Reproduction of NABCB Accreditation Symbol and IAF MLA Mark or ILAC MRA Mark (As per Clause 5.3.1 of BCB-202)

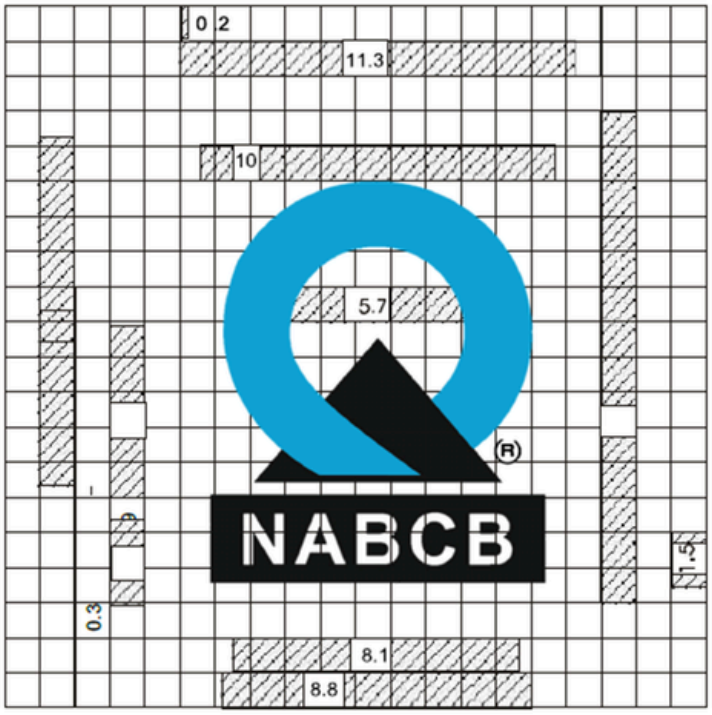
The NABCB Accreditation Symbol shall be reproduced strictly in accordance with the approved design specifications provided in Appendix A. This includes the prescribed proportions, colour combinations, and overall appearance of the NABCB logo. As a general requirement, the NABCB logo shall not be reduced below a minimum size of 15 × 12 mm, to ensure clear visibility and legibility.

Accredited Conformity Assessment Bodies (CABs) shall reproduce the NABCB Accreditation Symbol along with the correct accreditation number, which shall be displayed below the NABCB logo. The accreditation number is an integral part of the symbol and shall always be shown correctly.

The NABCB Accreditation Symbol shall not be reproduced by client organizations on its own. Any permitted use by a client organization shall be only in conjunction with the logo/mark of the NABCB-accredited CAB and under the control and authorization of the accredited CAB.

The NABCB Accreditation Symbol shall be printed only in the approved colour combinations or in the grey-black version, as specified in the applicable Appendix. No other colour variations or modifications are permitted.

Where applicable, the Combined IAF MLA Mark or ILAC MRA Mark may be used by accredited CABs only under a formal agreement with NABCB. These international marks shall be reproduced and used strictly in accordance with the latest versions of IAF ML 2 and ILAC R7, respectively, and the specific conditions stipulated in the agreement signed with NABCB.



Font: Arial True type (bold)
Colour: Circle - Cyan 80% Magenta 30% Triangle and Outline - Black 100%.

Black & White: Circle - Black 40%
Triangle and Outline Black 100%

Action on Suspension or Withdrawal

Upon suspension or withdrawal of accreditation, the accredited CAB shall immediately discontinue the use of the NABCB Accreditation Symbol, IAF MLA Mark, and ILAC MRA Mark on all certificates, stationery, and publicity material. Use may resume only after suspension is formally revoked.

ACCREDITATION PROCESS

The NABCB accreditation process follows a structured, multi-stage evaluation framework designed to ensure that Conformity Assessment Bodies (CABs) operate competently, consistently, and impartially. The sequence of activities—from application to accreditation decision—ensures that each CAB is rigorously assessed before approval and continuously monitored throughout the Accreditation cycle.

The entire process is conducted through NABCB's online portal, providing a streamlined, transparent, and accessible interface for applicants to submit documents, track progress, and communicate with the accreditation team.

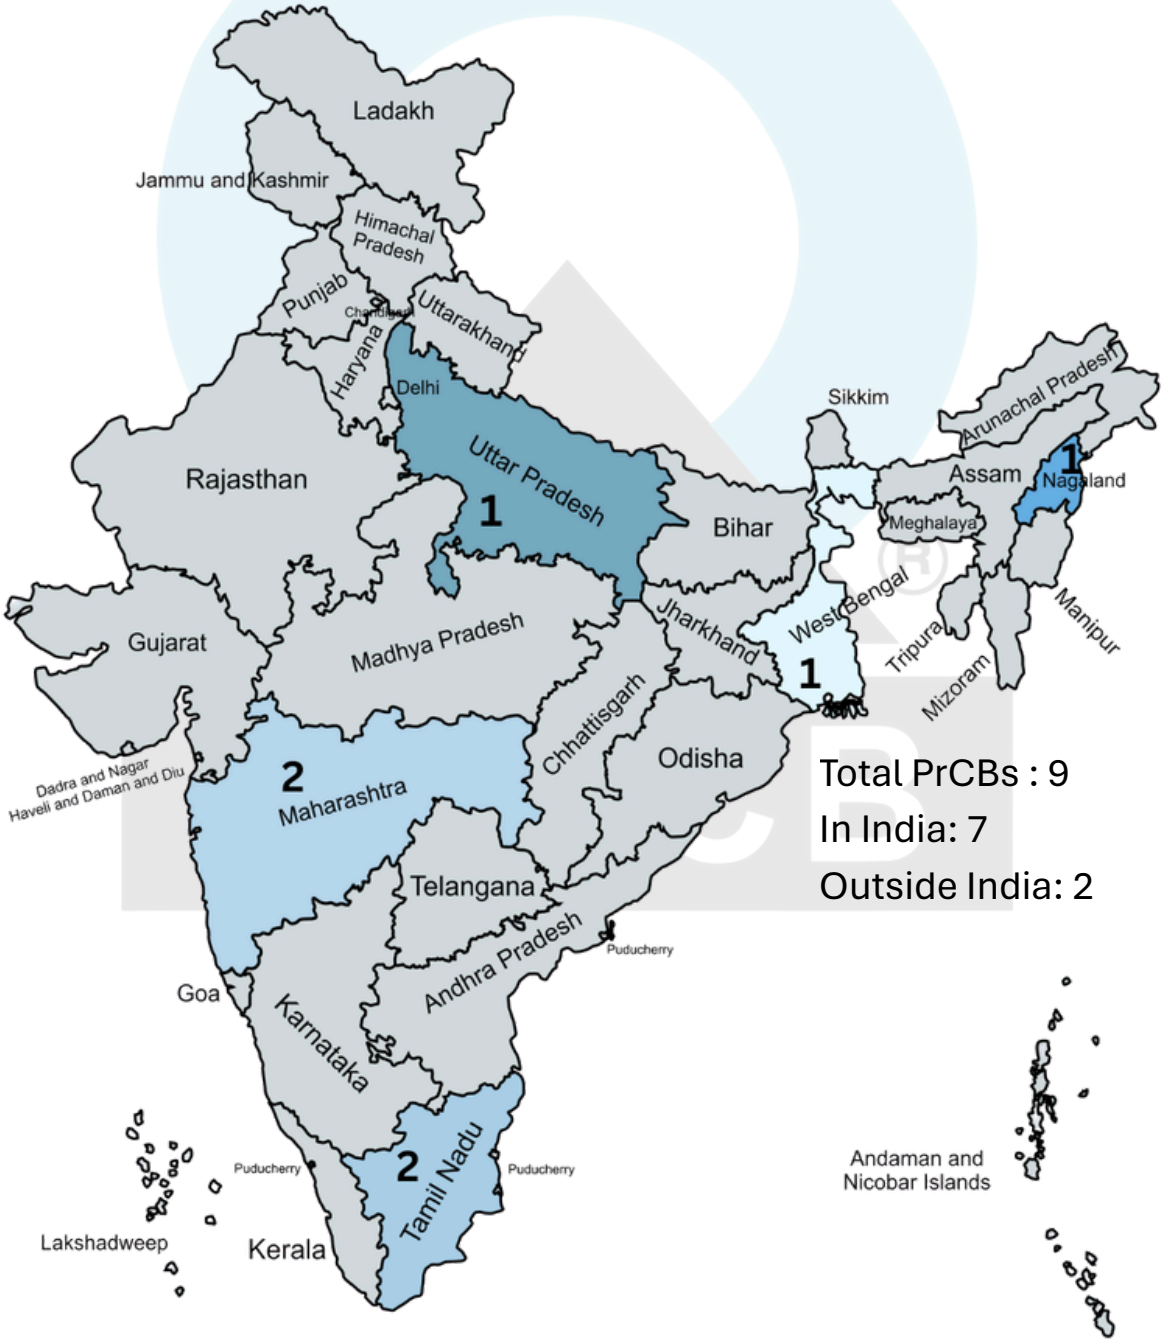
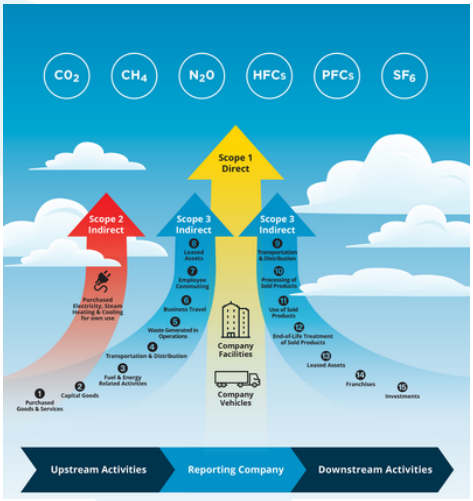


SCHEME IN SPOTLIGHT: KEY ACCREDITATION OPPORTUNITIES

Validation & Verification Bodies ISO/IEC 17029:2019

ISO/IEC 17029:2019 establishes the global benchmark for competence, impartiality, and consistent operation of validation and verification bodies.

Under this framework, NABCB enables credible assurance across climate action, carbon markets, and sustainability mechanisms.



1. Greenhouse Gases

Accreditation under ISO/IEC 17029 in conjunction with ISO 14065 strengthens the credibility of GHG validation and verification activities.
It ensures robust assessment of emissions reporting, climate mitigation projects, and organizational carbon inventories aligned with international climate commitments.

2. ICAO CORSIA

The Carbon Offsetting and Reduction Scheme for International Aviation (CORSIA) operates under the International Civil Aviation Organization (ICAO) framework.
Accreditation as per ISO/IEC 17029 ensures aviation emissions are independently verified with integrity, supporting global aviation decarbonization goals and market-based offset mechanisms.
For more details check: https://www.icao.int/CORSIA

3. Verified Carbon Standard (VCS)

The Verified Carbon Standard drives high-integrity carbon credit generation worldwide. Through ISO/IEC 17029-based accreditation, NABCB ensures competent validation and verification of emission reduction projects, enhancing trust in voluntary carbon markets.
For more details check: https://verra.org/programs/verified-carbon-standard/

4. Carbon Credit Trading Scheme (CCTS)

Bureau of Energy Efficiency (BEE) has formally notified the National Accreditation Board for Certification Bodies (NABCB) as the accreditation body to provide accreditation services for the Carbon Credit & Trading Scheme (CCTS) for Accredited Carbon Verification Agency (ACVA).
India's Carbon Credit & Trading Scheme promotes domestic carbon market development.
Through ISO/IEC 17029-compliant accreditation, NABCB supports reliable validation and verification mechanisms, fostering transparency, accountability and market confidence in India's carbon ecosystem.
For more details check: https://beeindia.gov.in/carbon-market.php

Thank You

We sincerely appreciate your engagement and continued trust in the National Accreditation Board for Certification Bodies (NABCB).

Your feedback, insights, and partnership play a vital role in strengthening India's quality ecosystem and driving our shared mission of excellence in accreditation.

As we continue to evolve and expand our initiatives, we welcome your thoughts, suggestions, and contributions.
