NABCB has signed the Pacific Accreditation Cooperation (PAC) Multilateral Recognition Arrangement (MLA) for Energy Management Systems (EnMS) at Bangkok on 21 June 2017 during the APLAC / PAC 2017 Joint Annual Meetings. NABCB earned a new international equivalence adding on to the MLAs for QMS, EMS, FSMS, ISMS, Product and GlobalG.A.P. already signed. NABCB expects to sign the IAF MLA for EnMS in Oct. 2017 based on its being the

signatory to PAC MLA for EnMS.

NABCB has already been operating an accreditation scheme for EnMS since August 2013 and has already accredited 4 certification bodies for providing EnMS Certification. By signing of this MLA, any industry or organization certified to international standard ISO 50001 for EnMS by a certification body accredited by NABCB in India can claim international equivalence. This would facilitate acceptance of Indian goods and services in the global market.
