

NABCB Policy on Assessment of Inspection Bodies for inclusion of ERDMP in the Scope of Accreditation

NABCB Policy on the assessment process to be followed for inclusion of “Off-site Review and On-site Verification of ERDMP as per PNGRB ERDMP Regulations” in the scope of accreditation to be granted to Inspection Bodies is as below:

1. Inspection bodies shall provide all its documentation relevant for the NABCB assessment for inclusion of ERDMP under NABCB scope of accreditation. This includes the Competence criteria, List and basis of its qualified inspectors, its process / procedure for ERDMP review and verification, relevant checklists/formats, specimen off-site review and on-site verification report(s), format of ERDMP certificate etc.
2. NABCB shall conduct an on-site office assessment for ERDMP at the premises of the inspection body.
3. NABCB assessment team shall witness an on-site verification for ERDMP as conducted by the inspection body. The inspection body shall ensure that Mock Drill is also witnessed during on-site verification of ERDMP by it.
4. In case a second witness is required, the Inspection body shall submit a list of the ERDMP review and verifications done by it. NABCB shall select one project from the list provided by the inspection body and conduct an off-site assessment of all documents/reports relating to the selected ERDMP certification done by the inspection body.
5. Assessment report(s) by NABCB and Corrective action(s) by inspection bodies shall be as per NABCB accreditation procedure document BCB 201(IB).
